REPORT OF COMMITTEE ON RECODIFICATION OF STATE BANKING LAWS

TO THE MINNESOTA STATE BAR ASSOCIATION:

Your Committee recommends:

Recommendation

That the Committee be continued with instructions to report to the Association upon completion of a draft of the proposed recodification.

Report

Members of the Committee and its draftsmen have had many meetings with the State Commissioner of Banks and have prepared a tentative skeleton of a proposed recodification bill. However, the American Bankers Association is engaged in an exhaustive study of state banking laws and proposes during 1947 to formulate a model state banking code. Your Committee felt it advisable to delay preparation of a final draft of a recodification bill until it can obtain the results of the work of the American Bankers Association in this respect.

Respectfully submitted,

J. H. COLMAN, Chairman

REPORT OF COMMITTEE ON STUDY OF GOVERN- MENT IN GRADE AND HIGH SCHOOLS

TO THE MINNESOTA STATE BAR ASSOCIATION:

Your committee recommends:

Recommendation

We recommend that the Committee be continued.

Report

At the time of writing this report final word has not been received as to all meetings held by Committee members. Some meetings are to be held in the future and before the school term ends and for that reason this report can at best be incomplete.

No regular meeting of the Committee has been held as the members are located in widely separated districts. It has been the purpose of the Chairman to keep in contact with the members and receive their advice, suggestions and take, as it were, a vote by mail. In that way we have been able to avoid the expense and to a small degree accomplish the purpose of a personal meeting.

We decided to select as our subject for the year "The Bill of Rights—Its Meaning in the Lives of American Citizens." We communicated with the State Department of Education, advising the names of the members of the Committee and the subject chosen. The Department sent a list of the membership to the principals and superintendents throughout the State and also advised them of our subject. A fine response was had from school
