officials. For this generous cooperation on the part of the Department of
Education and school officials we are entirely grateful. Without it but little
could be accomplished. We hope to make our contributions in the State
worth while and we may count on continued good will from the Department
and the schools.

Reports of meetings have come in from many parts of the State that we
feel our efforts have been worth while. Committee members have probably
given not less than seventy-five addresses to the schools throughout the
State. In every instance, so far as we are informed, the reception was enthu-
siastic and a return engagement was invited.

The following is a copy of letter which we received from Mr. Kunze,
Principal of the Litchfield Public Schools. It indicates the general receptive
attitude that school officials throughout the State have given our program.

"On February 12, Mr. Roy Hendrickson from Willmar, talked to our
student body on the subject 'The Bill of Rights—Its Meaning in the Lives of
American Citizens.' We are very appreciative of the work that the State
Bar Association has undertaken in attempting to assist the schools in creat-
ing a greater interest among the students in our form of government. I am
sure that a project of this kind will be very beneficial to the schools in Min-
nnesota. There are so many occasions when we can use programs of this
kind in the school, and I am sure your organization can be of great help to
all of us. We appreciate your part in this very worthwhile program and hope
that it will continue to grow from year to year.

"Mr. Hendrickson's remarks were very interesting and timely. I am
sure that with more opportunities of this kind, the programs will become
broader and welcomed by all schools." Other enthusiastic letters have been
received along the same line.

It is the purpose of the Committee to increase the interest of school
principals and superintendents if we may do that to bring the message of
our government from the lawyers to the people.

REPORT OF COMMITTEE ON
TRAFFIC LAW ENFORCEMENT

To the MINNESOTA STATE BAR ASSOCIATION:

Your Committee reports as follows:

In view of the fact that your Committee made a somewhat detailed re-
port of its activities to the Association in the year 1946, which report con-
tained seven separate recommendations, and the further fact that this was
a legislative year, Judge Holm called a meeting at the Dyckman Hotel, Min-
nneapolis, Minnesota on January 24, 1947. Principal subject of discussion
at the meeting was what further steps should be undertaken by the Com-
mittee to insure that its previous report and recommendations received the
attention of the Legislature.
