The preparation of the Uniform Commercial Code will take the National Conference and the American Law Institute several years more. It is hoped to have it completed by 1950. The present status of the Code is as follows:

Article I. Definitions and general provisions. This is short and will be completed last.

Article II. Sales. This is complete as to the text of the law. Comments and notes remain to be added.

Article III. Commercial Paper. All except about 20 sections was presented as a draft to the National Conference at its 1946 meeting, and it was extensively discussed. It is now in process of revision, and a complete draft of the Article is expected to be ready for discussion this fall.

Article IV. Bank Collections. Prof. Dunham of the University of Indiana is at work on the draft.

Article V. Investment Instruments. A revised draft of half of this Article is now ready for discussion.

Article VI. Documents of Title, and Article VII. Chattel Security, are both now in charge of Prof. Llewellyn, and research is being done on them.

We do not have the passage of any Uniform Act at the last session of the Minnesota legislature to report.

REPORT OF COMMITTEE ON WAR WORK

TO THE MINNESOTA STATE BAR ASSOCIATION:

Your Committee recommends:

Recommendation

It is recommended that the Committee be discharged.

Report

Because of demobilization, the committee has received very few requests for assistance during the past year. It is anticipated that such requests in the future will not be sufficient to warrant a continuation of this committee. It was constituted primarily to aid in the protection of the war, and not as a permanent legal aid bureau.

Whatever future requests are received can be transmitted to proper agencies.

Respectfully submitted,
