REPORT OF COMMITTEE ON COOPERATION WITH
THE AMERICAN LAW INSTITUTE

To the Minnesota State Bar Association:

Your Committee recommends:

Recommendation

That a special committee of a number to be decided by the President, be appointed to study the draft for a Uniform Commercial Code now being prepared by the American Law Institute in cooperation with the National Conference of Commissioners on Uniform State Laws, and to report to this Association its recommendations in respect to the adoption of the Code by the State of Minnesota.

Report

Since July, 1942, the American Law Institute and the National Conference of Commissioners on Uniform State Law, together have been working on a Uniform Commercial Code. This Code is intended to replace the Uniform Negotiable Instruments Act, the Uniform Sales Act and other Uniform Acts. A draft of the Sales Act is already completed, and drafts of other acts are so far advanced that the whole Code is expected to be completed in 1949.

This Uniform Commercial Code will contain considerable departures from the present law on the subjects covered. It should be studied by a committee composed of lawyers who are especially competent in the field of commercial law, with the assistance of the commissioners on Uniform State Laws for Minnesota who have participated in its preparation. The committee as first constituted should continue unchanged until its study is completed and its recommendations have been made to this Association.

Respectfully submitted,

Everett Fraser, Chairman
Kent Van den Berg
Gerald Heaney
