REPORT OF COMMITTEE ON GOVERNMENT IN
STATE SCHOOLS

To the Minnesota State Bar Association:

Your Committee reports:

The interest shown at meetings addressed by members of the Committee, and the questions propounded by the students should be a fair indication of the importance of the work which we are attempting to do. It is difficult to estimate the number of addresses given, but certainly they are numerous and are well received. But something more must be done. Plans are now being considered in connection with various committees to develop the work and add to our usefulness.

The work of the Committee is infectious. With the cooperation of lawyers and school principals, it is a little difficult to tell how far this work might reach. Certainly the students are interested, as speakers are well received. The results will be in just proportion to our efforts.

If lawyers are interested in spreading the gospel of American government, we think that this Committee can furnish the opportunity for help. We think this Committee should be continued and its work coordinated and made a part of the Public Relations work of the state Association.

REPORT OF JOINT COMMITTEE ON JUDGES
AND LAWYERS

To the Minnesota State Bar Association:

Your Committee reports:

Three matters were referred to this Committee:
1. The advisability and feasibility of printing and distributing a so-called juror's manual.
2. Consideration of means to reduce the cost of appeals to the Supreme Court of the State of Minnesota.
3. Obtaining appropriation for new carpeting in the Supreme Court chambers.

Your committee is of the opinion that items 1 and 2 above should receive further consideration and study by the members of the Bench and Bar. As to item 3 above, your committee is assured that the necessary appropriation will be made available at this session of the Legislature for new carpeting in the Supreme Court chambers. However, the Supreme Court chambers as a whole are in need of major repairs and improvements, and your committee recommends that such needs be detailed and itemized so that at the next session of the Legislature further appropriation may be obtained for such purposes.
