While the District Bar Association Committees function in their own respective areas your Committee will contact the Minnesota Automobile Association and jointly with that Association, request the Secretary of State to present to all purchasers of license plates printed pamphlets heretofore referred to, pertaining to the material features of the Safety Responsibility Act. Also to present such circulars to those drivers operating under chauffeur's license. Also to make arrangements with the Drivers' License Bureau to present to all applicants for drivers' licenses the printed pamphlets herein referred to.

By carrying out the program as above outlined, with the assistance of District Bar Association Committees, it ought to materially increase the number of persons who will provide themselves with Safety Responsibility coverage before they have an accident instead of after the accident occurs.

Respectfully submitted,

REPORT OF SPECIAL COMMITTEE ON NON-PROFIT CORPORATION LAWS

To the Minnesota State Bar Association:

Your Committee recommends

Recommendations

1. That this Committee be continued with full power to continue its work.
2. That this Committee be authorized, as it was in 1948, to prepare mimeographed copies of the first draft of the proposed Non-Profit Corporation Code and Explanatory Memorandum, and to distribute them to the members of this Association for criticisms and suggestions.

Report

Since the Annual Report of this Committee in 1948, its sub-committee under the expert guidance of Professor Horace E. Read of the University of Minnesota Law School has continued its legal research and its work upon an initial working draft of the proposed Non-Profit Corporation Code, together with the explanatory memorandum which will accompany it.

It was not deemed desirable to hurry the preparation of a bill to be presented to the 1949 State Legislature. Rather, it was felt that the proposed Code should be submitted first to the members of the Bar of this State, through their District Associations, for suggestions and criticisms.

It is the hope of the Committee that a draft of the proposed Non-Profit Corporation Code, with Explanatory Memorandum, will be ready during 1949 for circulation to the members of the Bar of this State.

Respectfully submitted,
